Lecture 22
Quiz
1) In a series RLC circuit the current is a _______ at resonance.
   a) minimum  
   b) maximum

2) In a bandpass circuit the bandwidth _______ as the Q of the circuit is increased.
   a) decreases  
   b) increases
1) In a series RLC circuit the current is a _______ at resonance.
   a) minimum       b) maximum

2) In a bandpass circuit the bandwidth _______ as the Q of the circuit is increased.
   a) decreases     b) increases
