The breadboard features a central grid of 60 rows and 20 columns. The columns are labeled A, B, C, D, E and F, G, H, I, J. The rows are numbered 1 through 60. On the left side, there are two vertical power rails: a red one labeled '+' and a blue one labeled '-'. On the right side, there are also two vertical power rails: a red one labeled '+' and a blue one labeled '-'. The grid is divided into four sections by these power rails.
