

EE 356 Notes on grading

Assign each project with four levels:

Level 1 – Made an effort – wrote some code that compiled and ran.

Level 2 – Minimal working system – not all working but mostly C-level work

Level 3 – Mostly working with few frills – B-level work

Level 4 – Everything works A-level work

Level of work must be demonstrated before due date

1 – week late – 10 points down

2 – weeks late – 20 points down

More than 2 weeks late – not accepted.
