CS 430 - Artificial Intelligence
Spring 2007 - Homework 5
30 Points
Out: April 13, 2007
Due: April 30, 2007, at the beginning of class, no late work

On the last day of class, we will go over these problems (solutions will be handed out), answer any questions, and then the take-home final exam will be handed out.

Problem 3 is 10 points, the rest are 5 points.

1. Exercise 10.1 on page 369.

2. Exercise 10.12 on page 371.

5. Exercise 11.4 on page 412-413.
