Lecture 13
Quiz
1) The autocorrelation and power spectral density functions are a Fourier transform pair.

   (a) TRUE                      (b) FALSE

2) A true white noise process has infinite power.

   (a) TRUE                      (b) FALSE
1) The autocorrelation and power spectral density functions are a Fourier transform pair.

   (a) **TRUE**         (b) **FALSE**

2) A true white noise process has infinite power.

   (a) **TRUE**         (b) **FALSE**
